## SECTION I - INTRODUCTION TO SUMMARY OF BENEFITS

### Which pharmacies can I use?

In most situations, you must use our network pharmacies to fill your prescriptions for covered Part D drugs.

You can also use our mail-order pharmacy to have your prescription delivered to your home.

Want to see if your pharmacy is in our provider network, or if these plans cover your prescription drugs? Just visit our website at [www.floridablue.com/medicare](http://www.floridablue.com/medicare). Or see how we cover any medication you may be taking in our comprehensive formulary (list of covered Part D drugs).

You can see our plans' pharmacy directory and formulary on our website, [www.floridablue.com/medicare](http://www.floridablue.com/medicare).

### What do we cover?

We cover Part D drugs.

- You can see the complete plan formulary (list of Part D prescription drugs) and any restrictions on our website, [www.floridablue.com/medicare](http://www.floridablue.com/medicare).
- Or, call us and we will send you a copy of the formulary.

### How will I determine my drug costs?

Our plan groups each medication into one of six tiers. You will need to use your formulary to locate what tier your drug is on to determine how much it will cost you. The amount you pay depends on the drug's tier and what stage of the benefit you have reached. Later in this document we discuss the benefit stages that occur: Deductible, Initial Coverage, Coverage Gap and Catastrophic Coverage.

**PRESCRIPTION DRUG BENEFITS**

**Initial Coverage Stage**  
 You begin in this stage when you fill your first prescription of the year.  
  
 During this stage, the plan pays its share of the cost of your drugs and you pay your share of the cost.  
  
 You remain in this stage until your total yearly drug costs (total drug costs paid by you *and* any Part D plan) reach \$3,820.  
  
 You may get your drugs at network retail pharmacies and mail order pharmacies.

After you pay your yearly deductible, you pay the following until your total yearly drug costs reach \$3,820. Total yearly drug costs are the total drug costs paid by both you and our Part D plan.

**SECTION II - SUMMARY OF BENEFITS****BlueMedicare Value Rx (PDP)**

	<p>The cost-sharing information shown above is for a one-month or three-month supply of a covered Part D prescription drug purchased at a standard retail pharmacy and through our mail order pharmacy. Your cost-sharing may be different if you use a Long Term Care pharmacy, a home infusion pharmacy, or an out-of-network pharmacy, or if you purchase a long-term supply (up to 90 days) of a drug. Please call us or see the plan's "Evidence of Coverage" on our website (<a href="http://www.floridablue.com/medicare">www.floridablue.com/medicare</a>) for complete information about your costs for covered drugs.</p>
<b>Coverage Gap Stage</b>	<p>Most Medicare drug plans have a coverage gap (also called the "donut hole"). This means that there's a temporary change in what you will pay for your drugs. The coverage gap begins after the total yearly drug cost (including what our plan has paid and what you have paid) reaches \$3,820.</p> <p>After you enter the coverage gap, you pay 25% of the plan's cost for covered brand name drugs and 37% of the plan's cost for covered generic drugs until your costs total \$5,100, which is the end of the coverage gap. Not everyone will enter the coverage gap.</p>
<b>Catastrophic Coverage Stage</b>	<p>After your yearly out-of-pocket drug costs (including drugs purchased through your retail pharmacy and through mail order) reach \$5,100, you pay the greater of:</p> <ul style="list-style-type: none"> <li>• \$3.40 copay for generic (including brand drugs treated as generic) and a \$8.50 copayment for all other drugs, or</li> <li>• 5% of the cost.</li> </ul>
